

# Petition to Stop the Red Light Cameras

**To: Lafayette City-Parish Council**

The following undersigned citizen(s) are in full support of the alleged Lafayette Consolidated Government in terminating its contract with Redflex Inc for the installation and services of "Red Light Traffic Cameras" and "Safe Speed Vans". The undersigned, by signing, agrees that the contract must be terminated with Redflex Incorporated and the Lafayette Consolidated Government must be fiscally responsible for all early contract termination fees and penalties. The undersigned has been informed of the unconstitutional agreement between Redflex Incorporated and the unconstitutional act of taking criminal matters and making them in to civil matters for our local courts. The Undersigned has been informed of the unconstitutional ruling of the Attorney General Cox in the State of Michigan who has already ruled that they are unconstitutional in the state of Michigan. The Lafayette City Parish Government may not be compliant with the Louisiana state constitution of 1974 in the matter of the red light cameras and has been dully noted to the undersigned citizen(s).
